

DEAR FUNDRAISING CHAIRPERSON:

Please allow me to introduce a simple yet highly profitable fundraiser to your organization! I know the fundraising products you choose reflect on your organization, and the program you select must be simple enough to make your efforts productive. Gold Canyon provides an exciting product and program that will make your supporters happy while making selling easier!

Gold Canyon's unsurpassed qualities have earned our candles and company a reputation as "The World's Finest"®! Each candle features double lead-free wicks for a clean and even burn, eliminating messy wax buildup in the jar. In addition, the company has added exclusive safety wicks to each candle, providing added comfort and safety to those who buy from your organization.

What about the fragrance? From elegant florals and supple fruits to warm spices, Gold Canyon has the perfect candle for all your supporters' needs. We hold a reputation of high quality aromas that we take very seriously. Our long lasting fragrance is the strongest burning candle on the market - guaranteed!

Most importantly, Gold Canyon's Fundraising Program is well-known for its high profitability. To further illustrate the program's profitability, here's an interesting fact: to earn the profit your organization will make on just one 16 oz. Gold Canyon candle, your organization would have to sell the equivalent of roughly 14 candy bars! You can truly sell less and earn more with Gold Canyon.

There is an added bonus for choosing Gold Canyon as your partner for fundraising. Not only will your organization benefit by earning profit, but you'll feel good about partnering with a company committed to helping children in need. Because our company has been touched by the innocence of less fortunate children, we have turned our hearts and a portion of our profits to various children's charities.
